

I am a frequent listener of the K-Love Radio ministry. Allowing LPFM stations priority over translator stations would be a huge mistake. K-love is FAMILY SAFE RADIO. The loss of Listener supported K-Love radio would accelerate the moral decay of society. The service provided by K-Love radio offers the listeners hope. It is positive and encouraging and "lifts up" the listener. In today's world, there are far "too few" positives to counteract the negatives. Please, don't allow LPFM priority over translator stations! Thank you, Tom Briggs
